ABOUT THE EVENT

Please join Fulbright representatives and students from other universities for an online interactive Group Presentation Session (GPS) to learn about opportunities for U.S. citizens to pursue graduate or professional study, conduct research, or teach English abroad. During the session, you will find out about the types of Fulbright awards, application components, tips, and get your questions answered. Following the program overview, attendees will enter a breakout room with your campus Fulbright Program Adviser (FPA) to learn more about applying through your own institution.
