

Needed: Participants for Research

- ⇒ This is the first component of a 3-part study.
- ⇒ It will explore the perceptions of underrepresented populations related to interactions with nurses during healthcare experiences.
- ⇒ Information gained during this study will be used to develop training videos to increase cultural awareness in undergraduate nursing students.

Population of Interest

Those belonging to at least 2 of the following:

- Person of color
- LGBTQ+
- Member of vulnerable population
- Immigrant status

Benefits of Research

- Better understanding of healthcare challenges experienced by vulnerable/historically underrepresented populations
- Improved DEI education in undergraduate nursing students, leading to a reduction of health disparities and improved health outcomes in vulnerable populations

Time Commitment

- Quick 15-minute online survey
