Sarah Vaughan is the Sunday Times and international bestselling author of *Anatomy of a Scandal*, *Little Disasters*, and *Reputation*, plus two earlier novels. Translated into 24 languages, *Anatomy of a Scandal* became a Richard & Judy Book of the Decade and a worldwide number one Netflix limited series, written by David E. Kelley and Melissa James Gibson, and starring Sienna Miller, Michelle Dockery, and Rupert Friend. Before writing fiction, Sarah spent 15 years as a journalist, including 11 at the Guardian as a political correspondent and news reporter: great preparation for thrillers exploring power, privilege, and misogyny, and incorporating police investigations and criminal trials.
