# Explore PPA's Poster Opportunities for 2027

Not all meaningful pharmacy work looks like traditional research. See what types of posters PPA accepts for the 2027 PPA Annual Meeting.

**Contributed Research Report:** Original research on an issue relevant to practicing pharmacists, particularly in Pennsylvania.

**Reports on Projects in Progress:** Have a research project underway but aren't quite finished?

**Innovative Practice Reports:** Have you developed a new approach to patient care or found a creative way to apply an existing service?

### **NEW for 2027! Medication Safety & Medication-Use Issues**

Have you identified and addressed a medication-related problem?

Posters could highlight:

- A specific medication safety or medication-use issue
- The intervention or solution implemented
- The impact, results, or lessons learned

Not all meaningful pharmacy work looks like traditional research. See what types of posters PPA accepts for the 2027 PPA Annual Meeting.

**Contributed Research Report:** Original research on an issue relevant to practicing pharmacists, particularly in Pennsylvania.

- Research must be completed at the time of submission
- Abstracts should include results

**Reports on Projects in Progress:** Have a research project underway but aren't quite finished?

- Projects may be in progress at the time of submission
- Completed or interim data must be available for presentation
- Submission includes a project summary and plan for completion

**Innovative Practice Reports:** Have you developed a new approach to patient care or found a creative way to apply an existing service?

- Highlight a new idea, strategy, technique, or service
- Demonstrate how it could be applied in pharmacist practice
- Consider how the practice could be viable in Pennsylvania
