

Rx for Your Future

Celebrating Our 2026 Grads + PassNAPLEXNow

More than 50% of our 2026 graduates are already licensed and moving into pharmacist roles, powered in part by CVS Health®-sponsored PassNAPLEXNow (PNN) — which has delivered a 95% pass rate for participants. PNN helps graduates focus their studying on what matters most for the NAPLEX, and 2027 grads will receive this same support as they work toward licensure. Your students' next chapter starts here.

Applications are Open for 2027!

All 2027 Grad Pharmacist opportunities are now open at CVS Health, including Featured Markets offering enhanced incentives and loan repayment up to \$100,000 over three years. Explore open roles: cvs.jobs/grad27

Paid Internship Opportunities — Investing in Your Intern-to-Pharmacist

This summer we launched AscendRPh, a personalized development path that grows with interns through school and into pharmacist practice — including 100 education-specific hours each academic year dedicated to building clinical and leadership skills.

Our structured internship program offers hands-on patient care, immunization experience, pharmacist mentoring, leadership development, exposure to evolving community pharmacy practice, and CPT support for international students.

Why join us?

- Dedicated training and development opportunities
- Certified preceptors invested in your growth
- Flexible scheduling that fits around school
- Nationwide opportunities across 9,000+ locations
- Up to \$46,000 in tuition assistance

Student Pharmacist Rotation Offerings

CVS Health offers a full range of IPPE and APPE rotation experiences — including Community, Ambulatory Care, Specialty, Caremark, and Aetna — available either through your school's experiential office (site-based) or by direct application for our virtual electives. New this year: an Ambulatory Care APPE within our Centers of Excellence, with over 600 student applications already received for 2027–2028 (responses go out late November/early December). Questions or want to learn more? Email

PharmacyRotations@CVSHealth.com.
